### FIRE SAFETY

#### ***In the event that a fire alarm sounds:***

- Vacate the building as quickly as possible via the nearest Fire Exit.
- Do not use the elevators; use the nearest stairway.
- Walk, do not run, to the nearest exit.
- If you are in your room, CLOSE the windows, LEAVE the light ON, CLOSE the door, and WALK briskly to the nearest Fire Exit.

- ❖ Any summer guest who fails to evacuate the residence area immediately upon sounding of the fire alarm will jeopardize that guest's residence status.
- ❖ Sounding a false fire alarm will lead to immediate loss of residency, criminal prosecution, and removal from campus.
- ❖ The College advises all residents to familiarize themselves with the location of Fire Extinguishers, Fire Alarm Boxes, and Fire Exits.
- ❖ Exit routes are posted in each residence hall room.
- ❖ The Fire Code has been designed by the College in association with the Easton Fire/Rescue Department to ensure the safety of all guests and to prevent the occurrence of fire. This Fire Code meets all the requirements set forth in the Commonwealth of Massachusetts Fire Prevention Regulations and Stonehill College policies.

#### ***Fire Protection Equipment:***

- ❖ The discharging of fire extinguishers, except to extinguish a fire, is prohibited. The result will be immediate loss of residency, criminal prosecution, and removal from campus.
- ❖ Sprinkler heads, heat detectors, smoke detectors, fire extinguishers, and fire alarm pull boxes must always remain unobstructed. Tampering with or causing fire alarm and fire fighting equipment to become inoperable will lead to immediate loss of residency, criminal prosecution, and removal from campus.

#### ***Exits/Egress:***

It is prohibited for any item to impede an emergency egress.

- ❖ Hallways, corridors, and fire escapes shall always remain unobstructed.
- ❖ Bicycles in corridors or stairwells are prohibited.
- ❖ All doorways must always remain clear and unobstructed.
- ❖ Wardrobes, dressers, and beds must be kept against the walls and must not obstruct doors or heaters.
- ❖ Fire exit doors in all Residence Areas are alarmed and are to be used only in an emergency. Unwarranted use of the alarmed doors will lead to immediate loss of residency, criminal prosecution, and removal from campus.
- ❖ Exterior entrance doors to all residential buildings should be closed and locked at all times. If left open or propped, an alarm will sound.
- ❖ Fire doors are to remain closed at all times since they act to contain toxic fumes, smoke and fire to a limited area.

## CARE OF COLLEGE PROPERTY

- ❖ Other than normal wear and tear, all damages to any College property will be the responsibility of the Host Program and/or its program guests.
- ❖ Report all maintenance issues and damages to the Conference & Event Services Department.

- ❖ Decorations and posters must be approved by the Conference & Event Services Department.
- ❖ Candles and any flammables are prohibited on campus.
- ❖ Campus guests are prohibited from bringing any additional furniture or appliances onto campus unless approved by the Conference & Event Services Department. Guest movement of college-owned furniture is prohibited; requests/arrangements must be made with the Conference & Event Services Department.
